

QUASAR™ WARM LED HEADLIGHT

SEE BETTER. PERFORM BETTER.

With color-rendering index (CRI) of 95, the **Quasar Warm LED Headlight** offers the truest color rendition on the market. While providing slightly less brightness than the Enova Q-Cool series, these headlamps illuminate in near true-color for the greatest tissue differentiation.

PURE LIGHT TECHNOLOGY

Produces best-in-class color rendition for greater tissue distinction while reducing eye strain with lux* of 115,000 - 230,000.

COMFORTABLE AND ERGONOMIC

Designed for comfortable, long-term wear, the Quasar Warm headlight has several adjustable features to help you shape the fit and angle to your exact needs.

INFECTION PREVENTION

Enova headlamps do not require fans, all headbands are treated with antimicrobial coating, and easy-to-clean light housings simplify infection prevention and control.

*Lux is variable based on preferred working distance.

TECHNICAL DATA

Light Source: LED refractive technology

Lamp Illumination: 115,000 (at 14") - 230,000 (at 10") lux

Color Temperature: 4,500K

Illumination Spot Size: Adjustable from 2" to 5" (5.08cm to 12.7cm)

Headlight Construction: All Aluminum

Headlight Weight: 6oz (170g)

Headband Construction: Nylon Copolymer, Replaceable Comfort Pads

LED Warranty: 5 years

Battery: Rechargeable Lithium Ion (base station charger included)

Battery Warranty: 1 year

Battery Pack Options	PP4	PP2	FREESTYLE
Battery Run-Time	10-24 hours	5-10 hours	4-8 hours
Battery Pack Dimensions	3"x4"x1"	4"x2.25"x1"	5.5"x2.375"x.0875"
Battery Pack Weight	9 oz (255g)	7oz (200g)	6oz (170g)
